

# Grease Lid

- Unique, one piece, curved design keeps container free from grease spills.
- 62"W x 44"D.
- Center dump opening.
- Vacuum formed HDPE plastic process eliminates the seams found in all other manufacturing processes, and reduces splitting on the hinge line and perimeter of lid.
- Long-life, Ultra-Violet Inhibitor Package (UVI) is blended into the plastic to protect the lid from the sun (from becoming brittle or turning white).
- Made in USA.  Made in USA
- **All hardware included!**

**Packaging Quantities**

40 Lids per skid

Skids may be broken down to fit your requirements at no additional cost.

Part Number	Size
GR6244	62" x 44"

*Assembly tip: Easier to thread smaller lid with rod if lid is in open position.*
